

BCA completes investigation into officer-involved - Chanhassen Villager (MN) - September 17, 2018

September 17, 2018 | Chanhassen Villager (MN) | Mark Olson

CHANHASSEN — All information and evidence related to the state Bureau of Criminal Apprehension's investigation of the officer-involved shooting of **Archer Amorosi** has been turned over to the Carver County Attorney's Office for review.

Amorosi was shot and killed on July 13 by two Carver County Sheriff's Office deputies who responded to his Chanhassen home after his mother reported to authorities he was suicidal.

The BCA began providing the county attorney with information and evidence related to the investigation shortly after the investigation began, according to a press release issued Sept. 17. That process is now complete.

Carver County Attorney Mark Metz said he plans to make a decision related to the case within 30 days, "unless unforeseen events occur."
