

## Suspect who shot at troopers identified - Hillsdale Daily News, The (MI) - January 26, 2018

January 26, 2018 | Hillsdale Daily News, The (MI) | The Hillsdale Daily News

UNION CITY — After completing an autopsy on Thursday the Michigan State Police (MSP) has identified the suspect in Wednesday's shooting of two MSP troopers, as 62-year-old **David Kidney** of Union City.

At approximately 11:15 a.m. Wednesday personnel from the MSP Marshall Post were executing a search warrant related to a cold case investigation at 595 Francisco Road in Union City when they came under fire from Kidney.

D/Sgt. Aaron Steensma was shot in the chest and remains in serious but stable condition at Borgess Medical Center in Kalamazoo. Trooper Daniel Thayer was also shot in the chest and hand during the exchange of fire.

The round that struck Thayer in the chest was stopped by his ballistic vest. Thayer was released from ProMedica Coldwater Regional Hospital on Wednesday afternoon.

Autopsy results show that Kidney's cause of death was a single gunshot wound that was sustained while exchanging gunfire with troopers.

No further details were released on Thursday and the investigation into the shooting and the cold case continues.

The cold case centers around the murder of Duane Finney, of Coldwater on May 12, 2009. Finney. Finney and Kidney were neighbors at the time.
